

DRVSA Proposed Fundraising Percentages

~~///~~Beginning in 2006, the following percentages are being presented to the DRVSA Board of Directors (BOD) for approval as the required amount of net money fundraised by individual teams and/or sports that **MUST** be given back to the DRVSA Capital Campaign Fund for any/all fundraising activities.

- **2006: 10%**
- **2007: 15%**

~~///~~As part of this approval process, it is being recommended that a Fundraising Committee reconvene in September of 2007 to:

- *Review the revenue that has been generated between 2006 & 2007*
- *Make adjustments to the percentages for 2008 through 2010 based on future needs*
- *Present recommendations to the DRVSA Board of Directors for approval prior to the December 2007 BOD meeting*

~~///~~If no such committee is formed, the percentage will remain at 15% until such a committee is formed and makes formal recommendations to the DRVSA BOD.
