Deep Run Valley Sports Association proudly announces their partnership with the Positive Coaching Alliance Group.

DRVSA has partnered with the PCA and are requiring all Travel Coaches to attend the two hour course if they expect to coach for Deep Run. We are also asking that all intramural coaches try to attend this course. This course was well received by our commissioners and a few coaches that attended the course earlier in the year. Deep Run felt that this course can move our organization forward by providing a positive coaching atmosphere for our children to learn their sport and more. This will be the first session with two to follow within a year. Information for the course is below. The club has picked up all fees for this course, you only need to register and show up. Please register prior to May 31st.

What Coaches & Parents are saying about Positive Coaching workshops:

“I use the positive coaching tools of ELM and buddy system of filling each others emotional tank last year as a basketball coach. Not only did we win our league championship but each player “Honored the Game.” It was the best of what a Double- Goal coach wants. Winning a championship on and off the court.”

~ **Pedro Morales, Director of Athletics and Head Basketball coach, Saint David’s School, New York, NY**

“Thanks, PCA, for making this one of our best seasons yet!”

~ **Coach, Sun Creek Little League**

“Through our PCA partnership, we were able to decrease season ejections by 90% and increase team morale so much that player enrollment increased over 20%...can you help us find more fields?”

~ **Charley Daly, Pleasant Hill Baseball**
