

Deep Run Valley Sports Association Peewee Soccer News Fall 2005

Dear Players, Parents and Coaches,

Welcome to Deep Run Peewee Soccer for 2005. For many of you this will be your first experience with Deep Run Valley Sports Association's soccer program. We think you will be pleased. The Peewee program has been developed over a number of years and will involve approximately 180 children this year. It is our strong belief that the future of soccer begins at the Peewee level so a lot of thought has gone into the development of the program.

Program Goals

Through curriculum based instruction and a 3 vs. 3 game format our objective is to:

- **introduce fundamentals** to players,
- **maximize interest** by keeping the kids moving and focused with small group activities, and
- most importantly, **TO HAVE FUN.**

Player's Clinic / Parent's Meeting

Attendance of players, parents and coaches is requested at this clinic. Coaches will be addressed first. Concurrently players will be organized into teams with help from the parents. Coach Lordi will provide demonstrations to the coaches and players in a camp like environment. Coaches will assist with activities for their teams. After things get "organized" (a relative term with Peewees), parents will be addressed regarding how the program is run, what to expect and given an opportunity to ask questions. After the parent's meeting they will rejoin their children as things wrap up.

Team Selection

Tentative rosters have been created and are almost finalized. Because soccer at this age is a highly social event we try to honor requests for specific teammates as collected at registration. We also attempt to balance teams based on age and gender. As a result there is typically some last minute

shifting of players to equalize the teams. Please bear with us as we try to accommodate as many players as we can but also realize that we will be unable to do so in some cases.

Typical Schedule

8:45 AM	Player Arrival
9:00 - 9:05 AM	Group Instruction of technical skill ¹
9:05 - 9:25 AM	Team Practice of technical skill
9:25 - 9:30 AM	Game preparation
9:30 - 10:00 AM	Games
10:00 AM	Player Dismissal

¹A new technical skill is introduced every two weeks.

3 v 3 Format

Teams will consist of approximately 10 players. Games will be played immediately following the technical skill practice. Each team will go to their designated fields at approximately 9:30 AM. Each field is divided into 2 smaller fields with goals at each end. Teams will split 5 and 5 and will play their opponents on the two fields 3 v 3 with 2 substitutes. Substitutions will occur approximately every 2 minutes, rotating in fresh players. There are no defined positions. There are no goalkeepers. End of the games will be signaled by a whistle from a field marshal.

Volunteerism

Deep Run is run solely by volunteers consisting of a relatively small group of dedicated individuals for which we are all very grateful. We ask each parent to contribute what time they can to making the programs at Deep Run a more rewarding experience for the kids. The Peewee program does not require any prior knowledge of the sport. There are no required practices outside the Saturday program so there is minimal commitment of time. However, there are needs for people to help with picture day, snack stand duty, parking as well as field setup before the program. We need you!

Miscellaneous Information

Parking has historically been a problem. Cars bringing 180 kids at the same time results in some traffic problems. We recommend you try to arrive between 15 and 20 minutes before the scheduled start time. Car-pooling is highly recommended. Instruction will begin promptly at 9:00 AM and end promptly at 10:00 AM in order to allow time for clearing of the parking lot for the subsequent use of the fields. For opening day please plan on arriving 30 minutes before start time. On opening day, all Peewee teams will be assembled in the same general area. A sign will be posted for people who need to confirm their child's team assignment or to answer any questions. Be advised that opening day is a long day for the kids with early arrival and the ceremony prior to the start of the program.

The first week will be somewhat chaotic as the confusion of what to do and where to go works itself out. We thank you in advance for your interest in, and support of, Deep Run's Peewee program and look forward to meeting and working with all the parents and kids.
